

Below is a release from the Hockomock League:

The Hockomock League revises its divisional alignment every two years, per the League Constitution. Schools are placed in divisions based solely on enrollment. Beginning in the Fall of 2026, for the next two school years (26/27 and 27/28), each school will compete in all sports in the divisions listed below:

<b><u>Kelley-Rex:</u></b> Taunton Attleboro Franklin Milford Sharon Stoughton	<b><u>Davenport:</u></b> King Philip Oliver Ames North Attleboro Mansfield Canton Foxboro
---	---

**LEAGUE DIVISIONS: KELLEY-REX AND DAVENPORT**

League Divisions are based on the total enrollment in grades nine through eleven (9-11) of each Member school. The Kelley-Rex Division will consist of the 6 largest schools by 9-11 enrollment and the Davenport Division consisting of the 6 smallest schools by 9-11 enrollment. Divisional realignment will occur every two years. The process used for Divisional realignment will be as follows: At the December Principal/AD meeting in the year prior to realignment implementation, each school will report their respective Department of Elementary and Secondary Education (“DESE”) SIMS enrollment numbers for grades nine through eleven submitted to the state on October 1st of that year. Those enrollment numbers will be used solely as the criteria for determining the Divisional realignment.

Future realignment will be as follows: DESE SIMS report – Oct. 1, 2027 Re-alignment Implementation Year – Fall 2028

The league re-alignment was approved at the December 3, 2025 Principal/AD League Meeting.
